HURST EXCAVATING

SEWER WORK NOTICE

Contractor for the
City of Oak Ridge

WEST END I PROJECT

The contractor for the sewer project in your neighborhood is **HURST EXCAVATING** and can be reached at **865-922-6142** .

HURST EXCAVATING crews will be rehabilitating the City's sewer collection pipes with the project scheduled to begin in the area of this address in the next few weeks.

The work may involve short disruptions in your sewer service, driveway blockages for all or part of the workday and partial street closings during the construction work. With all of us working together, we anticipate few problems and minimal disruptions.

Work within City easements in yards and in roadways may be required. Please be assured any areas that are disturbed in your yard will be restored when the sewer repairs have been completed.

Every effort will be made to personally contact someone at each address affected prior to the work beginning. You can assist the City by informing the contractor at **865-922-6142** if you have concerns or conditions that may require special attention.

EMERGENCIES ONLY after normal working hours, please call **425-1875**. Other questions can be sent to pubworksdis@oakridgetn.gov or call and leave a message at 425-3495.

Please keep this notice until the sewer work is completed which is expected to be in April 2015. More information is available on the City's website, www.oakridgetn.gov . Thank you for your cooperation and assistance.
